

Camouflage Roll L90822

Issue: Potential safety hazards are present around machines or in storage areas where leaks, drips, sprays or spills are most likely to occur.

Solution: A spill control plan should be developed with absorbent products readily available to control daily leaks and spills around your plant or to use in case of an emergency.

Description: OIL-DRI® Camouflage Rolls help to hide spills in high traffic areas and are designed to enhance most any spill control plan. Liquid drips and spills seem to disappear under the tough camouflage spunbond while the fine fiber layer grips the floor to allow for safe walking in high traffic areas.

Features & Benefits:

- **Eliminates Guesswork** - Can be used on all liquids
- **Superior Retention** - Holds liquids in
- **Perforated** - Rolls are perforated every 18" for sizing versatility
- **Durable** - Will not tear apart in normal conditions
- **Incinerable** - Reduces disposal costs

Product Specifications:

- **Composition:** Chemically Inert Polypropylene
- **Color:** Grey Camouflage
