

Drip Pan & Absorbent Pillows L90615, L90612, L90610, L90919

Issue: Leaks, drips and spills are likely to occur while doing routine engine repair such as oil change and cleaning fuel lines in small motors and machinery..

Solution: A spill control plan with absorbent products readily available to proactively absorb leaks and spills before they create an unwanted mess.

Description: OIL-DRI® Drip Pan and Absorbent Pillows should be a part of every mechanics toolbox. Absorbent pillows will hold up to 2 quarts of fluid and can be used over and over until completely saturated. Great for absorbing steady streams of non-aggressive fluids.

Features & Benefits:

- **Universal Absorption** - Can be used on all non-aggressive fluids.
- **Superior Retention** - Holds liquids in. Each 10" x 10" x 2" pillow can absorb up to 2 quarts of fluid.
- **Earth Smart** - Pillow filling is made of 100% recycled material.
- **Incinerable Pillows** - Reduces disposal costs

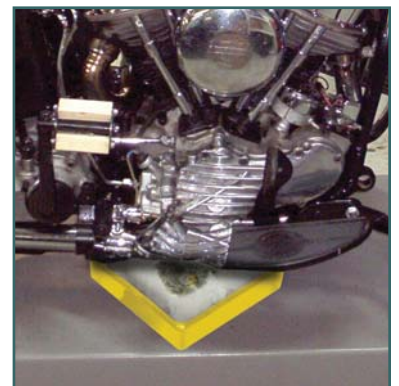

Product Specifications:

- **Pillow Composition:** Pillow skin filled with recycled cellulose
- **Drip Pan:** Re-usable corrosion resistant pan holds 1 gallon of fluid
- **Color:** Grey pillow, Yellow Pan
