

BUCKET SPILL KITS L90435, L90436, L91435

Issue: Most plants or fleets that encounter leaks, drips, sprays or spills and are required to maintain a spill control plan. Potential safety hazards are present around machinery or storage areas where a risk of injury or chemical reaction is possible.

Solution: Be prepared with a spill control plan that can be implemented with absorbent products readily available, either to use in case of an emergency, or to control daily leaks and spills that may occur.

Description: OIL-DRI® offers compact spill kits designed for universal, oil only, and haz mat applications. These kits have all the tools needed to react to small spills in a timely matter and are small enough to store in vehicles or personal work stations. All items come packed in a handy reuseable 5 gallon pail. Kits are designed to absorb up to 5 gallons.
