

COMPACT SPILL KITS L90671, L90698, L90688, L90425, L90426, L90430

Issue: Most plants or fleets that encounter leaks, drips, sprays or spills and are required to maintain a spill control plan. Potential safety hazards are present around machinery or storage areas where a risk of injury or chemical reaction is possible.

Solution: Be prepared with a spill control plan that can be implemented with absorbent products readily available, either to use in case of an emergency, or to control daily leaks and spills that may occur.

Description: OIL-DRI® offers compact spill kits designed for universal and oil only applications. These kits have all the tools needed to react to small spills in a timely matter and are small enough to store in vehicles or personal work stations. All items come packed in a clear zippered bag. Kits are designed to absorb up to 5 gallons.
