

### OIL ONLY SOCKS, PILLOWS & BILGE SOCKS L90898, L90897, L71519, L90909, L90809, L90858, L90866, L90920

**Issue:** Potential safety hazards are present around machines or in storage areas where leaks, drips, sprays or spills are most likely to occur.

**Solution:** A spill control plan should be developed with absorbent products readily available to control daily leaks and spills around your plant or to use in case of an emergency.

**Description:** OIL-DRI® Oil Only Socks and Pillows should be a part of every spill control plan. These poly filled products are hydrophobic so they will only absorb petroleum based fluids and repel water. Use socks to contain leaks and prevent spills from spreading on the floor. They conform snugly to fit in tight spaces, around corners, and at machine bases. Bilge products are great for absorbing oil off water in confined spaces, machine sumps, and drains. Pillows and Bilge Boom can be used to absorb steady drips or for puddle absorption.

ITEM#	DESCRIPTION	SIZE	QTY	PKG
L90898	Oil Only Poly Sock	3" x 4'	12	Box
L90897	Oil Only Poly Sock	3" x 6'	6	Box
